Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Monday 16 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rather cloudy and cool for many, drizzly rain in places.

This Evening and Tonight:
Some brighter skies in the east this evening but a lot of cloud for many. Rain and drizzle, soon into Northern Ireland and western Scotland, spreading to some central areas later, along with hill fog. Drier elsewhere.

Tuesday:
Cloudy zone with occasional rain and drizzle and brisk winds affecting mainly central areas of UK, keeping it cool. Some brighter and warmer breaks for eastern Scotland and southern England.

Outlook for Wednesday to Friday:
Many places dry and bright Wednesday, some drizzle in the north and west. Showers across southern areas Thursday. Rain spreading to western areas Friday, drier and brighter in the east.
